

Hercules MEGATAPE™

**Nothing is thicker
or performs better!**

Looks better - 80% of shower heads sold are chrome or nickel. Gray blends better.

Performs better - Harder, sharper low-lead and stainless steel threads demand a thicker, denser tape. And no other tape contains more PTFE than MEGATAPE.

> Ask your Oatey sales representative for a sample size roll of Megatape (15050) so that **you can see the quality for yourself.**

Each size comes in a MEGA-huge 1000-inch roll. Use MEGATAPE on any threaded pipe carrying dilute acids, compressed air, aliphatic solvents, dilute caustics, cutting oils, diesel fuel oil, hydraulic fluids, L.P. Gas, natural gas, petroleum solvents, steam, vegetable oils, water and many more.

**Seals threads on
virtually any piping
system, including:**

- > Stainless steel pipe
- > Cast iron
- > PVC, CPVC and ABS pipe
- > Brass and chrome fittings
- > Gas connections
- > And more!
