| PERIMALITER® WALLPACK PGM3 GLASS SERIES | Cat.# | |  HUBBELL Outdoor Lighting |
| | Job | Type | |
| | Approvals | | |

APPLICATIONS

- Perimeter lighting for safety and security. High performance with wide lateral spread

SPECIFICATIONS

- Cast aluminum door frame with prismatic glass refractor. Door seals to housing gasket with twin Hubbell Gard® captive fasteners
- Die cast aluminum housing allows firm mounting over recessed junction boxes or on flat surfaces for 1/2" surface conduit. Casting dissipates ballast heat for long life. Top hub supplied for field installation of button photo control, ordered separately
- Specular aluminum reflector with kicker panels drive maximum lamp lumens to the refractor prisms. Vertical socket position with these optics provide six to one spacing to mounting height ratio for maximum spacing or better uniformity, greater lumens and lamp life
- PGM features 100-250W pulse start metal halide. Many listings include lamp for contractor convenience; see standard selections below
- Dark bronze 800 Series powder paint finish standard on frame and housing. For optional finishes, black, gray, white and platinum consult factory

ELECTRICAL

- 10kA surge protection (parallel); Automatically takes fixture off-line when device is consumed

LISTINGS

- Listed to UL1598 for use in wet locations

STOCK ORDERING INFORMATION

ORDERING EXAMPLE: PGM3-150P-18-BZ

| Catalog Number | Wattage | Lamp Type | Voltage | Ballast | Lamp Included/Base | Weight lbs. (kg) |
