

# Feed-Thru Modular Plugs

## Easier and more reliable cable terminations

VISION. PERFORMANCE. SERVICE.

SINCE 1916

## Feed-Thru Modular Plugs

## Introduction

The IDEAL Feed-Thru RJ45 Modular Plugs and FT-45<sup>™</sup> Crimping Tool are designed to simplify and improve the consistency of cable to connector termination of CAT5e and CAT6 modular plugs to twisted pair cables.

### FT-45<sup>™</sup> Modular Plug Crimp Tool

The FT- $45^{\text{T}}$  is a simple, compact and highly effective crimp tool for installers and technicians that terminate RJ45 connectors regularly.

- Quality Cleanly shears the excess conductors and leaves a smooth, flat finish
- Versatile Suitable with Feed-Thru, standard, or shielded connectors (CAT5e or CAT6)
- Heavy duty Cutting blade that will last for over 2,000 cuts
- Ergonomic Reduced hand force compared to traditional crimp tools
- Compact Easily fits in your pocket and lightens the tool bag load
- Easy to use 568A & 568B wiring scheme marked on the tool
- Easily maintained Replaceable cutting blades available
- **Patented design** Patent pending design requires less than ½ of the mechanical force to crimp connectors. No ratchet needed.

### Simplified Modular Plug Terminations

Anyone who has assembled traditional standard or multi-piece modular plugs knows it is a time consuming and often error-prone process.

 Reduces errors - Wires can be easily verified before trimming

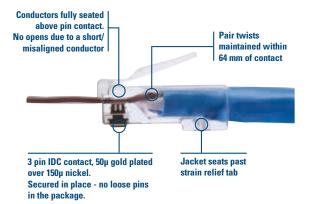

• Easy to use - Conductors do not need to be pre-trimmed to a specific length

Traditionally conductors that are trimmed too long may lead to excessive untwisting of the conductors or the cable jacket not being secured under the strain relief tab.

 Improved wire stability – 3 prong contacts into every wire for more conductive contact points

Many other RJ45 modular plugs only have 2 prong contacts which reduces wire penetration.

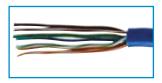

#### **Feed-Thru Instructions**

Step 2: Remove centre spline (CAT6).

Step 3: Untwist pairs to jacket base, and align in order. Trim ends flat.

Step 4: Slide cable into connector until fully seated. Verify wiring order.

Step 5: Place assembly into FT-45<sup>™</sup> tool. Squeeze handle closed

## $FT-45^{\text{TM}}$ Ordering Information

#### FT-45<sup>™</sup> Feed Thru Modular Plug Crimp Tool

	Item No.	Description
	30-495	FT-45 <sup>™</sup> Feed-Thru Modular Plug Crimp Tool
ĺ	30-4951	FT-45 <sup>™</sup> Replacement Blade

#### Cat 6 Feed-Thru RJ45 Modular Plugs

Item No.	Description	Qty
85-375	Cat 6 Feed-Thru RJ45 Modular Plugs	Pack of 25
85-376	Cat 6 Feed-Thru RJ45 Modular Plugs	Pack of 50
85-377	Cat 6 Feed-Thru RJ45 Modular Plugs	Pack of 100

#### Cat 5e Feed-Thru RJ45 Modular Plugs

Item No.	Description	Qty
85-370	Cat 5e Feed-Thru RJ45 Modular Plugs	Pack of 25
85-371	Cat 5e Feed-Thru RJ45 Modular Plugs	Pack of 50
85-372	Cat 5e Feed-Thru RJ45 Modular Plugs	Pack of 100
