

Zurn PEX QuickCap® Copper Crimp Ring System

Reliable leak-free connections!

Labor Saving

- Durable polymer QuickCap properly aligns crimp ring, tubing, and fitting
- Positioning stop virtually eliminates ring movement during installation
- Indicator window provides visual confirmation tubing is fully inserted

Proven

- Reliable copper crimp ring creates 360 degree seal for leak-free connections
- Dependable ASTM F1807 fitting system meets plumbing and heating code requirements

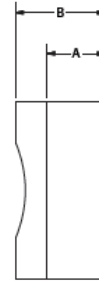

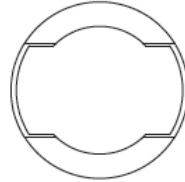

Versatility

- Broad 1/2"-2" size range covers residential and commercial applications
