

Log Lighter Valves & Hearthlight Kits

Gas Fireplace Valves & Kits

Valves, Bar, Keys, Flanges & Propane Adapter

Features & Benefits

- Heavy duty bronze valve with Teflon seat washer.
- Every valve is tested at 100PSI.
- IAPMO Certified.
- Cast iron log lighter bar with ledges to prevent ash from blocking orifices.
- Log lighter bar has three 1/2" female pipe thread inlets with 2 countersunk plugs to fit most installations.
- Natural Gas only- or propane application with available adapter.
- Valves are rated at 154,000 BTU/hour at 1.0" water column.
- 2-1/4" x 5/16" square drive loose key operation.
- 12" keys available.
