NuvoH2O CitraCharge Pro Dishwasher System

Citrus. Not Salt.

NuvoH2O uses a proprietary citrus formula to bind hard water minerals and neutralizes pH, rendering minerals incapable of forming scale. Unlike salt-based softeners, **NuvoH2O not only prevents hard water build-up, it also removes existing scale.**

Features

- Prevents scale build-up and removes existing hard water scale
- Eco-friendly — no salt, no waste water, no electricity
- Leaves dishes sparkling clean
- Compact design — fits almost anywhere
- Extends the life of your dishwasher
- Developed from 25+ years of commercial experience
- FDA & NSF approved

Specifications

- CitraCharge Pro System
- Under the sink treatment of Dishwasher Only
- Size: 3" x 10"
- Weight: 1.5 pounds
- Connection Size: 3/8"
- Water flow: 12-15 GPM with 3/8" ports (minimal change to existing flow)
- Maximum pressure: 100 PSI (6.8 bar)
- Hardness range: 25 GPG or Less
- pH range: 7.3 – 8.2
- Capacity: 500 gallons or Approximately 3 months
- FDA & NSF approved

Replacement Cartridges

- Uses 2 1/2" x 6" replacement cartridges
- Should be changed every 3 months or sooner

Additional Important Considerations

- Not for use with well systems
- Not recommended for closed loop recirculation systems or wood fired boiler applications.
- In some situations, the NuvoH2O System could react with copper piping and other parameters which could temporarily cause blue water to occur
- Over tightening the fitting can, and will, cause the system to fail prematurely
