

A CSW Industrials Company

TripleGuard SMART

THE ULTIMATE SOLUTION FOR WATER LEAK DAMAGES PREVENTION

-  Automated monitoring of the premises 24/7
-  Full control of water infrastructure via the mobile phone App or from the Monitoring Station
-  Real-time temperature measurement
-  Peace of mind

TripleGuard **SMART**

Monitored facility leak protection

Code	Description	Qty
97710	Protection System Kit	1
97718	Water Leak Detector only	6
97716	1 1/4" Ball Valve	6
97714	1" Ball Valve	6
97712	3/4" Ball Valve	6

FEATURES

- Easy, fast installation - No drilling and cable trenching required
- No electrician is required
- Communicates through mobile App with real time status
- Immediately senses water leaks using either the array of water detectors or integrated water meter
- Control and manage abnormal water flow and extreme temperature situations
- Smart shutoff unit controller
- Simple integration with any 3rd party system
- Robust, secured and operational at all time

APPLICATION • Automatic water leak detection

- Detects water leaks in the places that are prone to leaking such as under the sink, near water heaters, washing machines and dish washers
- Close the shutoff unit and block the water supply into the premises when leaks are detected
- Designed for all types of dwellings and businesses - private homes, condominiums, multi-family apartments, business premises and hotels

SHUTOFF UNIT - Battery operated
