### FEATURES AND BENEFITS

- Kills Wasps & Hornets
- Shoots a stream 15-20 feet
- Dielectric Strength 40,100 Volts
- Can be used both indoors and Outdoors\*\*
- EPA Registered

### SPECIFICATIONS

**Form:** Clear Aerosol | **Odor:** Mild | **Boiling Point:** 450°F | **Flammability:** Not Considered a Flammable Aerosol or an extremely flammable aerosol by OSHA | **Flash Point:** 200°F (93°C) | **Vapor Pressure (mm Hg):** 0.4 | **Vapor Density (AIR=1):** <6 | **Evaporation Rate:** <1 | **Specific Gravity (H2O=1):** 0.81 | **Volatility Including Water (%):** 3% | **Volatile Organic Compounds (VOC):** <1% | **Dielectric Strength (Volts):** 40,100

### LABEL INFORMATION

**For Control of Hornets, Wasps and Yellow Jackets:** It is preferable to apply this product in the evening after all the insects have returned to the nest. Aim valve opening at the nest and depress button, continuing to spray until the nest is soaked with the spray. Repeat as necessary.

**DIRECTIONS:** *It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.* \*\*All outdoor applications must be limited to spot or crack and crevice treatments only, except for the following permitted uses: Treatments to soil or vegetation around structures; and Applications to building foundations, up to a maximum height of 3 feet. Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack and crevice applications only.

**Do not** allow adults, children or pets to enter the treated area until sprays have dried. **Do not** allow people or pets to enter treated areas until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated. **Do not** apply this product in a way that will contact adults, children, or pets, either directly or through drift. Remove pets, birds, and cover fish aquariums and ornamental fish ponds before spraying, and turn aquarium systems off. In the home, cover all food processing surfaces and utensils during treatment or thoroughly wash utensils before use.

### CONTAINS

(CAS#) Isoparaffinic Hydrocarbon 60-90% (64742-47-8), Carbon Dioxide 1-5% (124-38-9)

Cover exposed food and remove utensils in serving areas. **Do not** water the treated area to the point of run-off. **Do not** make applications during rain. **Do not** apply when food is present.

**HAZARDS TO HUMANS & DOMESTIC ANIMALS | CAUTION** - Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Harmful if inhaled. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

**ENVIRONMENTAL HAZARDS:** This product is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help ensure that wind or rain does not blow or wash pesticide off the treated area. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

### First Aid Measures

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes.

Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**INGESTION:** If swallowed: Immediately call a poison center or doctor. Do NOT induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

**INHALATION:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**NOTE TO PHYSICIAN:** May pose an aspiration pneumonia hazard. Contain petroleum distillates.

**ACUTE HEALTH HAZARDS:** Eyes: redness, tearing, blurred vision

**CHRONIC HEALTH HAZARDS:** Concentrating vapors and inhaling material can lead to oxygen deprivation, loss of brain function and potential loss of life. HAVE the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-255-3924 for emergency mediate treatment information.

### Precautions

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container, even after use.. Exposure to temperatures above 130°F may cause bursting. Protect from sunlight. Store in a well-ventilated place. Wash hands thoroughly after handling
