

**NORTH STAR**<sup>™</sup>  
WATER TREATMENT SYSTEMS

## PROFESSIONAL WATER TREATMENT PRODUCTS

## NORTH STAR QUALITY

### EASY TO INSTALL

North Star systems come with everything needed for a simple installation, many of which can be completed in just an hour.

### LOW MAINTENANCE

We incorporate high-efficiency technology and pro-grade materials into our North Star systems, delivering an easy-to-use solution you can count on.

### HIGH QUALITY MANUFACTURING

Our three manufacturing facilities produce 95% of all components in our systems, allowing us to maintain strict control over the quality of our finished products.

### WARRANTY PROTECTION

North Star Water Treatment Systems boast the most comprehensive warranties in plumbing wholesale, proof of our commitment to quality.

### UNPARALLELED SUPPORT

Our sales and business development team continually works with you to maximize your water treatment potential.

## WATER SOFTENING

Choose from our professional collection of cabinet and two-tank softening systems that boast advanced high-efficiency technology, pro-grade materials and the high flow rates required by today's demanding households.

## WATER FILTRATION

North Star offers a selection of filter systems designed to remove a wide variety of contaminants from your water supply, including sediment, chlorine, taste, odor, harmful metals & minerals, herbicides, pesticides, pharmaceuticals and cysts.

## SPECIALTY TREATMENT

No matter what your customer's filtration needs are, North Star has you covered with a full line of specialty filtration products, including options for scale, iron and acid correction.
