

Siemens Low Voltage Residential Circuit Breakers Miniature Thermal Mag Circuit Breakers - Type QP/MP, 2-Pole, 120/240VAC are Circuit Protection Load Center Mains, Feeders, and Miniature Circuit Breakers. Type: MP-T Application: For Use In 125 AMP And 225 AMP Single Phase Output WMM, WML, WMT meter stacks Standard: HACR Rated Voltage Rating: 120/240 Amperage Rating: 70 Interrupt Rating: 10 Number Of Poles: 2 Operating Temperature: 40

| | |
|---|---|
| Number of poles | 2 |
| Suitability for operation | For Use In 125 AMP And 225 AMP Single Phase Output WMM, WML, WMT meter stacks |
| Electricity | |
| Continuous current rated value | 70 A |
| Supply voltage frequency rated value 50/60 Hz | Yes |
| Environmental conditions | |
| Ambient temperature during operation maximum | 40 °C |
| Model | |
| Product brand name | SIEMENS |
| Mechanical Design | |
| Design of the product | MP-T |
| General product approval | |
| Standard | HACR Rated |
| last modified: | 08/20/2017 |
