Project:	Туре:	Prepared By: Date:	
		Features and Benefits	
		Replacement for conventional fluorescent T8 and T12 line	ar tubes
		Integral Driver enables lamp to be wired directly to line vo without need for an external driver or ballast	oltage
		Double ended wiring method	
		Works with non-shunted sockets AND shunted sockets.	
HAB		Approximately 50% more energy efficient when compared Fluorescent T8 lamps	d to
22		50,000 hour Lifespan.	
600		Rated for use in enclosed and open fixtures in dry or dam locations	р
		Diffused frosted lens will maintain the same light quality of	over time
		Instant on full brightness	
	~~~~~	Environmentally friendly, no mercury used
