# Downlights For All Applications

KEYSTONE LED DOWNLIGHTS

Efficient and Durable
LED lighting saves energy and money over legacy illumination. And with Keystone, you know your lights will last, with 50,000-hour lifetimes.

Easy Installation
Keystone downlights are designed to be installed quickly, working with existing designs and offering easy connection.
Versatility & SKU Reduction
Power and Color Select technology allows end users to choose from multiple power outputs and color temperatures - and helps distributors stock fewer SKUs.

The right downlight for the right installation.

ADVANTA

With a deep recessed design, large metal trim, integrated driver, and flexible metal conduit for all wiring, Advanta downlights are ideal for commercial retrofit applications of existing 4-pin CFL based fixtures. When used in conjunction with related mounting accessories, Advanta is also a great choice for new construction builds.

Advanta is also equipped with Keystone's Power Select and Color Select technology, reducing SKUs and allowing installers to choose among selectable wattages and selectable color temperatures.

ADVANTA EMRG

Advanta EMRG offers a unique take on emergency lighting. It adds emergency illumination functionality in the form of a pre-installed and pre-wired LED emergency battery backup kit with an included test button/indicator light in the downlight housing. The wiring conduit includes a quick disconnect feature to aid in easy installation.

Advanta EMRG is also equipped with Keystone's Power Select and Color Select technology.

Suitable for new construction or retrofit applications, Advanta EMRG takes all the guesswork out of code—compliant emergency illumination needs for downlights.

Features & Benefits

- Equipped with Power Select and Color Select technology, allowing for easy, on-the-job adjustments
- Built-in 5W LED Keystone Smart Safe Emergency Driver compliant with CEC T20
- Designed with junction box and quick disconnects for easy installation
- Suitable for use in dry and damp locations
- Airtight and Type IC-rated
- Smooth reflector trim offers clean, modern appearance
- 90 CRI

# CIRCA

0.51   SLIM

0.69   RECESSED

Circa, Keystone's wafer LED downlight, blends modern edge-lit aesthetics with superior installation flexibility. The family comes in two styles: a true slim wafer as well as a recessed version. With its remote driver and built-in junction box, Circa eliminates the need for a traditional multipiece fixture setup. And both options fit in shallow ceilings and flexible locations so there's no worry about ceiling joist obstructions.

Circa is available with Power Select and Color Select technology, offering three wattage outputs and five color temperatures, or in a dedicated version with a single wattage output.

Features & Benefits

- Remote driver and built-in junction box eliminates the need for a traditional multipiece fixture setup
- Keystone Power and Color Select technology available
- Slim design allows fit for shallow ceilings and flexible locations
- Edge-lit LED technology provides even illumination
- Suitable for use in wet locations
- Airtight and Type IC-rated
- Available in slim and recessed options
AVIVA

Retrofit Trim

With easy installation, beautiful aesthetics, and several options, an ideal residential solution.

AVIVA

Aviva is Keystone's residential downlight solution. All Aviva downlights simply screw into the socket of any existing can light—no need for a junction box—while offering improved aesthetics vs. screw-in lamps. Installing in a retrofit? The quick-disconnect E26 base adapter provides for easy installation. Available in standard configurations, as well as gimbal options for use in vaulted ceilings or to highlight feature items along a nearby wall.

Keystone Power Select and Color Select technology is available on select models, offering up to three wattage outputs and five color temperature settings.

Features & Benefits

- Offers improved aesthetics vs. screw-in lamps while using the same easy screw-in installation
- Keystone Power Select and Color Select technology available
- Ideal for retrofit, new construction, and remodel applications
- Quick-disconnect E26 base adapter for easy installation in retrofit applications
- Suitable for a wide range of existing recessed can fixtures
- Diffused lens reduces glare
- Powered by Triac dimming Keystone LED driver; 10-100% dimming

AVIVA

Vaulted ceiling? Keystone covers all the angles. Aviva is available as a gimbal unit, so you can set the inclination you need. The gimbal unit has the same features as other Aviva models, so there's no worry about its capabilities—or dependability.

Features & Benefits

- Offers improved aesthetics vs. screw-in lamps while using the same easy screw-in installation
- Keystone Power Select and Color Select technology available
- Ideal for retrofit, new construction, and remodel applications
- Quick-disconnect E26 base adapter for easy installation in retrofit applications
- Suitable for a wide range of existing recessed can fixtures
- Diffused lens reduces glare
- Powered by Keystone TRIAC dimming LED driver; 10–100% dimming

OVA

Keystone's Ova line of downlights is ideal for both light-duty commercial buildings and multi-dwelling unit (MDU) structures such as condominiums and apartment buildings. These surface-mount disk lights offer improved aesthetics vs. screw-in lamps while using the same easy screw-in installation. They mount directly to a junction box or retrofit into a wide range of existing cans, and their flush mount offers a clean, modern appearance.

Ova is equipped with Color Select technology, helping reduce SKUs and allowing end-users to choose from among four color temperatures.

Features & Benefits:

- Offers improved aesthetics vs. screw-in lamps while using the same easy screw-in installation
- Equipped with Color Select technology, which lets you stock fewer SKUs
- Ideal for retrofit, new construction, and remodel applications
- Quick-disconnect E26 base adapter for easy install
- Suitable for a wide range of existing cans or junction box installations
- Powered by Keystone TRIAC dimming LED driver; 10–100% dimming
- Flush mount offers clean, modern appearance
