# ULTRA LED™ RT Screw-based Key Takeaways

- Lightweight design
- Higher efficiency in comparison with the market (up to 85LPW – check benchmark slide)
- CRI 92
- Wet Rated (indoor & outdoor application)
- Adjustable torsion springs (RT5/6)
- Included: E26 socket adaptor and Airtight ring
- GU24 socket and push wire adaptor sold separately
- New packaging identity:

Once unscrewed, you can slide back and forth and adjust according to the installation needs

---

**THANK YOU**
