

Pico Scene Keypads

The Pico wireless keypad is a flexible and easy to use device that allows the user to adjust multiple lights and shades to different levels at the touch of a button. This battery-operated keypad requires no external power or communication wiring.

Features

- Provides easy access to scene control in the following Lutron systems:
 - Caséta Wireless
 - RA2 Select
 - RadioRA 2
 - HomeWorks QS
- Keypads available in a variety of button marking options.
- Keypads available in Gloss and select Satin Colors finishes.
- Easy reconfiguration for use as:
 - Wall-mount keypad (with or without faceplate; faceplate adapter kit sold separately)
 - Table-top keypad (table-top pedestal sold separately)
- Utilizes Lutron reliable Clear Connect RF technology.
- Battery-powered. Requires no wiring.
- 10 year battery life¹ (one CR2032 battery included).
- Can provide control of lighting devices, shades, or drapes within a range of 30 ft (9 m) through walls and 60 ft (18 m) line-of-sight.
- Each button is individually programmable using the system's app or programming software.

Pico Scene Keypads

¹ Based on a 1 year shelf life, an average of 10 button presses per day, and an ambient temperature of 86 °F (30 °C). Actual life may vary based on usage and environmental conditions.

Specifications

Regulatory Approvals

- Lutron Quality Systems registered to ISO 9001.
- FCC Certified (U.S.A.)
- IC Certified (Canada)
- COFETEL Certified (Mexico)
- SUTEL Certified (Costa Rica)
- Anatel Certified (Brazil)

Power

- Operating Voltage 3 V==
- (1) CR2032 battery (included)

System Communication and Capacity

- Communicates using Radio Frequency (RF) at 431 MHz to 437 MHz.
- Thousands of system addresses prevent interference between systems.
- Can be assigned to control lighting devices, shades, or drapes within a range of 30 ft (9 m) through walls and 60 ft (18 m) line-of-sight.

Mounting Considerations

- All RF devices must be mounted on non-conductive materials to ensure proper performance.
- Mounting of any RF devices on or in close proximity to a metal surface will drastically reduce the effective range of radio signal transmission or reception.
- If you wish to mount your Pico wireless keypad to a metal surface, the PICO-MOUNT-1-XX-CPN6774 will be required in order to maintain proper RF performance. For availability, please contact your local Lutron sales office.
- Wall mounting adhesive included. See **Mounting Options** section for other options.

Environment

- Ambient operating temperature: 32 °F to 140 °F (0 °C to 60 °C)
- Maximum 90% non-condensing relative humidity
- Indoor use only

Warranty

- 1 Year Limited Warranty. For additional Warranty information, please visit www.lutron.com/TechnicalDocumentLibrary/369-119_Wallbox_Warranty.pdf
