

Catalog Number: STEX100
Product ID: 7TBA051370R0001
UPC Number: 78621095252
EAN Number: 05414363162087
Status: Active

Star Teck Extreme hazardous location aluminum jacketed cable fitting. Hub size of 1 inch. Range over jacket from 0.860 - 1.205 inch.

With the introduction of STAR TECK EXTREME XP fitting, Thomas & Betts combined the ease of installation of the original STAR TECK XP fitting with all of the unique benefits of STAR TECK EXTREME range-taking fittings. End-users in hazardous, explosion-proof environments could now benefit from simplified fitting selection, reduced inventory and removable armour stops.

Actual

Line Art

- Built-in O-Ring to ensure liquidtight installation.
- High visibility, red union features twist-on action for easy connection and disconnection. Also serves as mechanical splitter to separate hub from fitting during disassembly.
- Power Grip grounding ring is non-magnetic tin-plated phosphorous bronze or stainless steel. Dual sets of grounding devices ensure 360 degree long-term dependable grounding. Makes immediate contact with the cable during insertion.
- Built-in cable jacket stripping gauge
- Easy to fill sealing chamber - requires less sealing compound - saves time and materials. Optimally designed flame path for easy insertion into hub. Quick-turn lock unitizes assembly during installation. Note : The red armour stop must be removed and discarded prior to potting the fitting.
